Meet The Scholars

Over the past 30 years, we've had the honor to award over \$1,000,000 to over 240 talented and deserving students to assist in their higher education. Here are a few of their stories.

"I'm incredibly grateful to the EMA Scholarship Foundation for providing this support for my education. Your investment in me will help me pursue my dream of creating my own business that fuses technology, business, and entertainment to transform the way consumers receive entertainment."

Ben Thomson, 2017

"I am very thankful for this scholarship. I have big dreams, and one of those dreams is to become a doctor and help out people living in poverty in the United States and around the world. This scholarship is a big step in helping me achieve that goal."

Thien An Hoang, 2016

"This scholarship isn't just a check, it's a blessing for my family and me. Ever since I came to the United States, I've had a goal centered on going to college and fulfilling my dream to help others medically around the globe. I'm so grateful to the EMA Scholarship Foundation for helping me make this future attainable. This award has given me much more than just money for college. It has instilled confidence and courage in me to pursue my future aspirations."

Ayush Kumar, 2014

"Getting into graduate school was very stressful, but paying for graduate school is even more stressful! Thanks to the EMA scholarship, that stress was significantly reduced. Not only did the scholarship help me financially, but it also helped me focus on my education and less on how to afford it. I am forever grateful to EMA for this generous award."

Haadjer Benmerzouga, 2013

The EMA Scholarship Fund has allowed me to successfully complete college at Harvard University. The scholarship permitted me to devote full time to my studies, not having to worry about working a job to help ends meet. I was able to pursue my true passions academically and extracurricularly without a financial burden, and I am able to graduate having made the most of my college experience. Thank you EMA for this invaluable opportunity!

Camila Rincon, 2012
